CREAM LIQUEURS

High-quality cream liqueurs can add texture to cocktails, elevate your weekend coffee, or sub in as an indulgent dessert. The best examples meld rich dairy cream with a base spirit - classic styles show notes of chocolate, coffee, vanilla, or spices. Our top pick did a stellar job of blending velvety creaminess with the subtle warmth of the alcohol and tasted just like chocolate and salted caramel. There is an art to highlighting ingredients and not just dumping in sugar - the Velvet Dream's flavours were immediately recognizable and a universal hit. I can't wait to try it on top of some locally made ice cream! *Matt Stortz*
