

COOLERS & PREMIXED DRINKS READY TO DRINK

These drinks, in some ways – need no introduction. From those distant days of Bartles & Jaymes Wine Coolers, to the Jack Daniels Lynchburg Lemonades, and eventually on to the Mike’s Hard craze, these ready to drink, delicious slices of summer-ready, refreshing bevies hit the spot. From a casual get together, to a company barbecue (remember those?) to apres-ski, or even just a grown up version of a pop after dinner. A ready to drink beverage is always a good thing to have on hand at home. *Tom Firth*

BILL BONAR

Bill is a seasoned veteran of the restaurant industry, and one of Canada’s first Certified Cicerones (Beer Sommelier). Over a 25-year (and then some) career, he’s served and managed such places as Taste, (R.I.P.) Brasserie, (R.I.P.) and Divino, (R.I.P.) Despite all of those successes, he opened Rain Dog Bar in February 2020, and that’s where you can find him now. He’s there near every day.
