

LIQUEURS

Liqueurs are one of the most exciting categories to judge blind. Imagine tasting quality spirit blended with so many different fruits – pomegranates, raspberries, haskap berries, lemons, passionfruit, blackcurrants, and cherries, or with spices such as ginger, and then sweetened with honey or sugar – the possibilities are endless! We're thrilled to see such a wide range of countries represented amongst the winners, in Europe and closer to home too.. *Linda Garson*
